2020-2021 SEASON TOP THIRTY ATTENDANCES - ALL DIVISIONS

Please note, due to COVID-19 restrictions, the attendance of each Premier Division club's first home game was limited to 300 if a test game had not been held previously and then 600 thereafter, whilst for the North (N), South Central (SC) and South East (SE) Divisions club's first home game was limited to 200 if a test game had not been held previously and then 400 thereafter.

The limiting of attendances affected this list as the top thirty attendances within the Premier Division were all greater than 400, so the other Divisions did not come into contention.

2020-2021 SEASON TOP TWENTY BIGGEST ATTENDANCE INCREASES - ALL DIVISIONS

The below shows the twenty teams that saw the largest percentage increase in attendances in the small number of games that were played. Again, the fact that attendances were limited needs to be considered with some clubs.

For the same reason, there is no table for the teams that registered the lowest twenty percentage increases, as the lowest seventeen showed minus figures with the two worst being Hastings United with -34.10% and Worthing with 32.74% as they were clearly affected by the restrictions with average gates last season of 607 and 892 respectively.
